Expanded Statement of Institutional Purpose Linkage

Reference Institutional Mission Statement below:

OSU-Okmulgee provides comprehensive, high-quality, advancing technology programs and services to prepare and sustain a diverse student body as competitive members of a world-class workforce and contributing members of society.

Indicate Mission/Purpose of the Transportation Division and relate it to the OSU-Okmulgee Mission below:

Unit Mission: The Automotive/HEVI Division of OSU-Okmulgee prepares students to become efficient and productive entry-level automotive service, automotive collision, medium/heavy duty truck, heavy equipment, industrial equipment and mechanical/electrical diagnostic and repair technicians. This is accomplished through manufacturer and industry specific programs incorporating a combination of on-campus and off-campus educational experiences. The partners and industries served include the dealerships of Daimler Chrysler, Ford, General Motors, Nissan and Toyota: Independent Service Centers: Collision Repair Centers: selected distributors of Caterpillar, Komatsu, Freightliner, Toyota Industrial Equipment and companies serving the Natural Gas Industry.

Indicate Mission/Purpose of the Unit and relate it to the OSU-Okmulgee Mission below:

Unit Mission: The Automotive Technology Program's mission is to prepare students to become qualified technicians for defined industries and provide a firm base for continued success in their career.

Indicate Mission/Purpose of the Program of Study (Emphasis or Specialization) and relate it to the Unit Mission below:

Program/Emphasis or Specialization Mission: The Automotive Service Technology program prepares students to become professional entry-level automotive service technicians.

List Intended Program of Study Objectives to be Assessed This Year:

Core Objective 1. Effectively communicate electronically, verbally and in writing.

Core Objective 2. Demonstrate logical, systematic problem solving techniques.

Core Objective 3. Develop and display a sense of personal, social and professional work ethics.

Core Objective 4. Explain the cultural heritage and primary elements of the history and government of the U.S. and its people, especially as it impacts one's industry or field of study.

Core Objective 5. Access and use technology appropriate to one's industry or field of study.

Program Technical Objective 1. Diagnose, service and repair automotive engines as it pertains to their mechanical performance.

Program Technical Objective 2. Diagnose, service and repair automotive engines as it pertains to their fuel economy/emissions and drive-ability.

Program Technical Objective 3. Diagnose, service and repair automatic transmissions and transaxles.

Program Technical Objective 4. Diagnose, service and repair manual drive trains and axles.

Program Technical Objective 5. Diagnose, service and repair automotive steering and suspension systems.

Program Technical Objective 6. Diagnose, service and repair automotive electrical systems and electronics.

Program Technical Objective 7. Diagnose, service and repair automotive brakes.

Program Technical Objective 8. Diagnose, service and repair automotive air conditioning and heating systems.

ASSESSMENT REPORT

Auto/HEVi
(Academic Program)

Ford ASSET
(Degree Level)

2003-2004
(Assessment Period Covered)

10 February, 2005
(Date Submitted)

Intended Educational (Student) Objective #1:

NOTE: There should be one form C for each intended objective listed on form B. Intended objective should be restated in the box immediately below with intended objective number entered in the small blank spaces.

Core Objective 1: Effectively communicate electronically, verbally and in writing

A. First (Formative) Means of Assessment for Objective Identified Above:

1 a. Means of Program Assessment & Criteria for Success: (How is objective going to be measured and what will be considered acceptable success?)

80% of all ASSET graduates will demonstrate their ability to effectively communicate electronically, verbally and in writing with an accuracy of 74% (or above) by providing the following: **Technical Writing I, ENGL 1033**--Students will write an in-class essay using communications skills learned in this course. The scoring rubric is the same for all students, regardless of instructor.

Type: Formative Summative

1 a. Description of Data Collection & Assessment Results: (complete this section in summer after assessment results are in)

93% of all ASSET students demonstrated their ability to effectively communicate electronically, verbally and in writing with an accuracy of 74% or above as evidenced by a uniformly scored in-class essay. These data were collected and reported by Technical Writing I faculty using the SCT database.

1 a. Use of Results to Improve Instructional Program: (complete in summer based on findings)

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

B. Second (Summative) Means of Assessment for Objective Identified Above:

1 b. Means of Program Assessment & Criteria for Success:

80% of all ASSET graduates will demonstrate their ability to effectively communicate electronically, verbally and in writing with an accuracy of 74% (or above) by providing the following: **Technical Writing II, ENGL 2033:** Students will create a professional resume using communications skills learned in this course. The scoring rubric is the same for all students, regardless of instructor.

Assessment Type: Formative Summative

1 b. Description of Data Collection & Assessment Results:

Inadequate data collected during pilot year.

1 b. Use of Results to Improve Instructional Program:

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

Intended Educational (Student) Objective #2:

NOTE: There should be one form C for each intended objective listed on form B. Intended objective should be restated in the box immediately below with intended objective number entered in the small blank spaces.

Core Objective 2: Demonstrate logical, systematic problem-solving techniques

A. First (Formative) Means of Assessment for Objective Identified Above:

2 a. Means of Program Assessment & Criteria for Success: (How is objective going to be measured and what will be considered acceptable success?)

80% of ASSET graduates will demonstrate their ability to perform logical, systematic problem-solving techniques by scoring 74% or higher on MATH 2003--Business Math comprehensive examination.

Type: Formative Summative

2 a. Description of Data Collection & Assessment Results: (complete this section in summer after assessment results are in)

Inadequate data collected during pilot year.

2 a. Use of Results to Improve Instructional Program: (complete in summer based on findings)

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

B. Second (Summative) Means of Assessment for Objective Identified Above:

2 b. Means of Program Assessment & Criteria for Success:

80% of ASSET graduates will demonstrate their ability to perform logical, systematic problem-solving techniques by scoring 74% or higher on the AUMF 2453—Ford Engine Performance Diagnosis & Testing portfolio of hands-on assignments and written examinations.

Assessment Type: Formative Summative

2 b. Description of Data Collection & Assessment Results:

Data not yet available. Fall 2003 Cohort will take AUMP 2782 during Semester IV.

2 b. Use of Results to Improve Instructional Program:

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

Intended Educational (Student) Objective #3:

NOTE: There should be one form C for each intended objective listed on form B. Intended objective should be restated in the box immediately below with intended objective number entered in the small blank spaces.

Core Objective 3:

Develop and display a sense of personal, social and professional work ethics.

A. First (Formative) Means of Assessment for Objective Identified Above:

3 a. Means of Program Assessment & Criteria for Success: (How is objective going to be measured and what will be considered acceptable success?)

80% of all ASSET graduates will develop and display a sense of personal, social and professional work ethics with an accuracy of 74% (or above) by completing the required Code of Ethics Analysis assignment and reflective essay in PHIL 1213 Ethics.

Type: Formative Summative

3 a. Description of Data Collection & Assessment Results: (complete this section in summer after assessment results are in)

67% of ASSET students demonstrated their ability to develop and display a sense of personal, social and professional work ethic with a proficiency level of 74% (or above) on PHIL 1213—Ethics course exams and assignments. These data were collected and reported by Arts & Sciences faculty using the SCT database.

3 a. Use of Results to Improve Instructional Program: (complete in summer based on findings)

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

B. Second (Summative) Means of Assessment for Objective Identified Above:

3 b. Means of Program Assessment & Criteria for Success:

80% of all ASSET graduates will develop and display a sense of personal, social and professional work by completing AUMF 2203—Internship V with a satisfactory rating of 74% or above.

Assessment Type: Formative Summative

3 b. Description of Data Collection & Assessment Results:

Data not yet available. Fall 2003 Cohort will take AUMF 2203 during Semester VI.

3 b. Use of Results to Improve Instructional Program:

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

Intended Educational (Student) Objective #4:

NOTE: There should be one form C for each intended objective listed on form B. Intended objective should be restated in the box immediately below with intended objective number entered in the small blank spaces.

Core Objective 4:

Explain the cultural heritage and primary elements of the history and government of the U.S. and its people, especially as it impacts one's industry or field of study.

A. First (Formative) Means of Assessment for Objective Identified Above:

4 a. Means of Program Assessment & Criteria for Success: (How is objective going to be measured and what will be considered acceptable success?)

80% of all ASSET graduates will demonstrate an ability to explain the cultural heritage and primary elements of the history and government of the U.S. and its people with an accuracy of 74% (or above) by completing a required comprehensive exam taken in HIST 1493-History Since 1867.

Type: Formative Summative

4 a. Description of Data Collection & Assessment Results: (complete this section in summer after assessment results are in)

Data not yet available. Fall 2003 Cohort will take HIST 1493 during Semester IV.

4 a. Use of Results to Improve Instructional Program: (complete in summer based on findings)

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

B. Second (Summative) Means of Assessment for Objective Identified Above:

4 b. Means of Program Assessment & Criteria for Success:

80% of all ASSET graduates will demonstrate an ability to explain the cultural heritage and primary elements of the history and government of the U.S. and its people, especially as it impacts one's industry or field of study, with an accuracy of 74% (or above) by completing a required comprehensive exam taken in POLS 1113—U.S. Government.

Assessment Type: Formative Summative

4 b. Description of Data Collection & Assessment Results:

Data not yet available. Fall 2003 Cohort will take POLS 1113 during Semester V.

4 b. Use of Results to Improve Instructional Program:

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

Intended Educational (Student) Objective #5

NOTE: There should be one form C for each intended objective listed on form B. Intended objective should be restated in the box immediately below with intended objective number entered in the small blank spaces.

Core Objective 5:

Access and use technology appropriate to one's industry or field of study.

A. First (Formative) Means of Assessment for Objective Identified Above:

5 a. Means of Program Assessment & Criteria for Success: (How is objective going to be measured and what will be considered acceptable success?)

80% of ASSET students will access and use technology appropriate to one's industry or field of study with an accuracy of 74% (or above) on GTIT 1133-InfoTech & Applications comprehensive exam.

Type: Formative Summative

5 a. Description of Data Collection & Assessment Results: (complete this section in summer after assessment results are in)

Fall 2003 Cohort took GTIT 1133 during Semester I. However, the assessment plan was still under development and this information was not collected. It will be collected beginning with the Fall 2004 Cohort.

5 a. Use of Results to Improve Instructional Program: (complete in summer based on findings)

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.

B. Second (Summative) Means of Assessment for Objective Identified Above:

5 b. Means of Program Assessment & Criteria for Success:

80% of ASSET students will access and use technology appropriate to one's industry or field of study with an accuracy of 74% (or above) on AUMF 2683—Ford Capstone course final project.

Assessment Type: Formative Summative

5 b. Description of Data Collection & Assessment Results:

Data not yet available. Fall 2003 Cohort will take AUMF 2683 during Semester VI.

5 b. Use of Results to Improve Instructional Program:

Inadequate data collected during pilot year to make program or curricular changes. Will review for program improvements with additional year of data.
