SUMMER 2024 | JUNE 2 – 7

EMERGING & CONVERGING TECHNOLOGIES

Summer Academy

Venture Into A World of Careers in Technology

GRADES 8TH – 10TH

EMERGING & CONVERGING TECHNOLOGIES SUMMER ACADEMY

Explore nursing, creative, and information technologies, engineering, culinary arts, automotive, construction, and multicultural activities — all while getting a taste of college life at OSU Institute of Technology!

By applying math and science skills to innovative technology projects, campers will gain insight into all of these fields through hands-on experiences. Collaborate with college students on real-life projects. You'll learn first-hand how a college degree can help realize your career goals.

Dear Parents/Guardians,

This is a week of opportunity for your child to learn about career options in highly competitive and technical fields. Participants also experience life on a college campus, and learn in simulated, real-world environments using state-of-the-art equipment.

The Emerging & Converging Technologies Summer Academy is an on-campus residential program. Students arrive on Sunday, June 2nd and depart on Friday afternoon on June 7th. All meals and activities are provided at no cost, but participants may want to bring some spending money. Parents are encouraged to join us for an orientation session on Sunday evening.

Students should get their application packets in as early as possible to insure being considered.

It will be great to see you at the
Summer Academy!

HOW TO APPLY

Students must submit the following information to be considered for admission:

- A completed application* postmarked no later than **April 1, 2024.**

- An essay of 100 words or more on why you would like to attend the summer academy and how you think you will benefit if selected.

- One letter of recommendation, which can be from a teacher, counselor, or administrator from your school, or a community leader from your hometown.

* All sections of the application must be complete to be considered. A screening committee will evaluate each application and make the final selections for the summer academy.

* Please take a look at our website **www.osuit.edu** and browse through all of the programs we offer. In your essay, include your top three program choices and why you are interested in those programs.

For Additional Information:

Students needing accommodations in accordance with ADA regulations should call Chad Spurlock at least 72 hours prior to the start of the camp.
